RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES **FYE JUNE 30, 2017**

Net change in fund balances - total

governmental funds

(27,157)\$

Amounts reported for governmental activities in the statement of activites are different due to:

Governmental funds report capital outlays as expenditures.

However, in the statement of net position, the cost of those assets is allocated over their estimated useful lives $% \left\{ 1\right\} =\left\{ 1\right\}$ and reported as depreciation expense. The effect on net position is the amount by which capital outlays exceed depreciation in the current period.

Depreciation expense

(904.195)

Capital outlays

38,504

Certain receivables will be collected this year but are not available soon enough to pay for the current period's expenditures. This is the amount by which such receivables increased (decreased).

Property taxes receivable

(69.650)

Operating Grants and Contibutions

Other miscellaneous conversion adjustments

A portion of the change in fund balances is the proceeds from capital leases. Those proceeds are not considered revenue items for the purpose of this

(30,550)statement

The repayment of the principal of long-term debt (e.g. bonds, leases) consumes the current financial resources of governmental funds. However, such repayment has no effect on net position.

Compensated absences are reported as liabilities in the statement of net position, but are only reported in government funds to the extent they have matured. This is the amount by which compensated absences (increased)/ decreased.

Accrued vacation payable 53,671

Governmental funds report district pension contributions as expenditures. However, in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.

(6.941)District pension contributions

Cost of benefits earned net of employee

(25,109)contributions

Change in net assets of governmental

activities

(802,190)
